- STUDENT-CENTRIC ENVIRONMENT
- GLOBAL OUTLOOK TO EDUCATION
- STATE OF THE ART INFRASTRUCTURE & FACILITIES
- CAMBRIDGE PATHWAY SCHOOL
- CONTINUAL PROFESSIONAL DEVELOPMENT OF TEACHERS
- SUPPORTIVE ENVIRONMENT FOR CHILDREN WITH DIVERSE EDUCATIONAL NEEDS

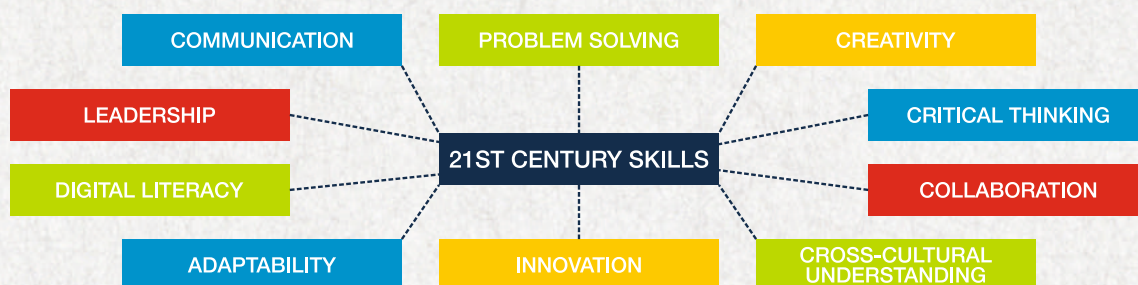

## Curriculum:

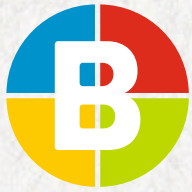

We follow the Cambridge International curriculum, which is a trademark set for global standards of education, worldwide. It is offered in more than 10,000 schools across 160 countries and is recognised by universities and employers across the world. A structured curriculum characterised by academic rigour helps learners enhance their skills and knowledge as they progress from one grade level to another.

Ours will be a rigorous educational programme based on skills, attitudes, concepts, knowledge and action.

## Pedagogy:

We welcome open minds and new modes of thinking and learning and expression. We believe that each child's learning journey is intrinsic and triggered by their innate curiosity. We encourage critical thinking, research and collaboration.

**Cambridge International Examinations (CIE)** is a part of Cambridge Assessment, a department of the University of Cambridge.

Cambridge international qualifications are recognised by the world's best universities and employers, giving learners a wide range of options in their education and career. They open doors for Cambridge learners who are confident, responsible, reflective, innovative and engaged – equipped for success in the fast-changing modern world.

The **Cambridge approach** helps develop learners who are:

- Confident in working with information and ideas – their own and those of others
- Responsible for themselves, responsive to and respectful of others
- Reflective as learners, developing their ability to learn
- Innovative and equipped for new and future challenges
- Engaged intellectually and socially, and ready to make a difference in the world.

## Cambridge IGCSE

IGCSE (International General Certificate of Secondary Education) is the world's most popular international qualification for 14- to 16-year-olds.

The IGCSE curriculum promotes and supports education through its learner centric and enquiry-based approach and develops learner knowledge, understanding and skills in:

- In-depth subject content
- Independent thinking
- Applying knowledge and understanding to new as well as familiar situations
- Handling and evaluating different types of information source
- Thinking logically and presenting ordered and coherent arguments
- Making judgements, recommendations and decisions

Upon completion of the course, students have the opportunity to achieve the prestigious Cambridge ICE (International Certificate of Education Award).

IGCSE at TBA offers a wide variety of routes for learners with a wide range of abilities and the cross curricular perspectives of this programme are a valuable part of learning. Learners have to choose a minimum of 6 subjects from the table below.
